**Mental Health Matters Awareness Month Fact Of The Day:** Wednesday 5/24 -

**“Approximately 1 in 5 children ages 13-18 have, or will have a serious mental illness.”**

*We all have mental health, and as with our physical health, sometimes we are doing well and other times we could use some help. Stigma around mental illness is one of the primary barriers to people seeking and receiving treatment. Please always remember that no one is alone in this experience, and that it’s okay to reach out and seek support. If you or someone you know is struggling with a mental health challenge, please seek out a trusted adult for help.*
