Chelsea's Light Peer Corps Inspirational Quote Of The Day: Happiness depends upon ourselves. –Aristotle
Aristotle

SAT WORDS: mishap /noun/ an unlucky accident

“Congratulations to Mr. Fulchiron for being this week’s Staff Member of the Week!”

New Items:

“Middle School ASB would like to invite all middle school students to a lunchtime event on Friday, 9/29. We will be celebrating this month’s theme of Caring and Kindness by painting rocks with inspirational quotes and phrases outside of the art classroom. Hope to see you there!”(9/29 Kim)

Volleyball Night

Attention all high schoolers! ASB is hosting the first ever volleyball night and we'd like to invite you all to come. We have limited spots for buses where you can sign up, first come first served. Only the first 50 people will be able to ride the 6pm SEA bus stop bus and the first 65 will be able to take the 5:30 after school bus home. Permission slips are being passed out at lunch in front of the Walton Center and will be collected this week as well. See you there! (9/25 Carr)

Due to the trees being cut down in our area this week, the Gardening Club will not be meeting on Friday 9/22. We will meet next on Friday, 9/29. You will be required to sign-up that morning, before school, at T101. There will be room for only 35 people, so sign-up as soon as you arrive to school. We'll see you then! Ms. Noorzay & Mr. Romer (9/22 Noorzay/Romer)

Hispanic Heritage Month: Did you know?

There are 1.1 million Hispanic veterans of the U.S. armed forces.

Messy Science - Atmosphere

September 20, 5 - 7 p.m. | Linda Vista Library |

In this workshop format class we explore the beauty, mysteries and facts about our planet earth. Using tools and materials from our modern world we will re-enact some of the physics, chemistry, and biology that make earth unique in the Known Space. Hands-on activities will be punctuated with sounds of boom, crash, zip and slime! The class is configurable to different lessons each focusing on an aspect of that include topics of glaciers, volcanoes, earthquakes, landslides, permafrost, sea level rise and tsunamis. During these workshops students will design things, test things, throw things, and stomp on things. Using our newfound knowledge of our earth system we will use our imaginations to make our planet a more fun place.

The Physics of Fidget Spinners

September 23, noon - 3 p.m. | Logan Heights Library |

Ever wonder why your friends fidget spinner spins longer than yours? Why some spinners are louder than others? In this workshop, the physics of fidget spinners become tangible, unlocking a world of intuition! Join us to explore a fantastic phenomenon where energy is conserved, and entropy is increasing. Witness, first hand, the transitions from chemistry, to motion to heat. See the forces of tension and gravity. Learn how a fidget spinner is a ticket to exploring the laws that shape our universe. In this workshop class you can rest assured that the teacher will not confiscate your fidget spinner.

Music and Your Brain

September 23, 2 - 5 p.m. | Mira Mesa Library |

Join us to explore how music affects your brain and body in physical, cognitive, and emotional ways. Each of us has our own unique connections with music, yet there are many reactions and interactions to music that we all share. We will discover how music relates to topics like cultural identity, history, math and science. The focus of this class will be built around musical activities and group work as students discover new ways to “think musically.” (9/23 Resendez)

The 2nd Annual Preuss Town Hall Series begins this week. High school students will have the opportunity to meet candidates running for local elected offices beginning on Thursday, September 21st, from 4-5:15pm, in E202.

This week's candidate is Christian Ramirez, Democratic candidate for San Diego City Council, District 8

San Diego City Council has the power to affect your life in a variety of ways including the conditions of your streets, parks, libraries, as well as treatment of homeless people and others who require city services.

The 8th district includes Barrio Logan, Logan Heights, Grant Hill, Stockton, Shelltown, and the border neighborhoods of Palm City, Nestor, Otay Mesa, and San Ysidro.

If you live in any of these neighborhoods, you have an opportunity to ask Mr. Ramirez questions about how we would improve life in your neighborhoods if he is elected to represent you. If you don't live in District 8 and are simply interested in the political process, you are also welcome to attend.

The limit is 36 students. Mr. Ramos will have a signup sheet beginning during high school lunch on Wednesday, September 20th. (9/21 Ramos)

Scheduled College Rep Visits this Week: Sign up on Naviance

College	Location	Date	Time
Stevens Institute of Technology	C101	9/20/17	12:15 PM
Lehigh University	C202	9/20/17	1:45 PM
Trinity College	Library	9/21/17	1:00 PM
Marist College	Library	9/21/17	1:45 PM
University of San Francisco	D203	9/22/17	12:52 PM
