April is National Poetry Month! In today’s poem, the poet finds a new way to describe a half moon.

The Moon by Robert Bly
After writing poems all day,
I go off to see the moon in the pines.
Far in the woods I sit down against a pine.
The moon has her porches turned to face the light.
But the deep part of her house is in the darkness.

After School Activities: Students may not stay after school unless they are part of a school sponsored, staff supervised activity. Space on our late-activities bus is limited. If you are staying for tutoring, you must sign up before the last block of the day. Students may not be on campus without supervision after school. (5/11 Mr. Selleck)

Library News: VOTE FOR YOUR FAVORITE ORIGAMI!!! All this week stop by the library and vote for your favorite origami design. 1st, 2nd and 3rd place winners will be announced on Monday, April 30th. (4/30 Ms. Nance/Ms. Gonzalez)

Reminders
Screen Your Student Film at Space4Art: Do you enjoy making films? The Fine Arts Department is looking for student films to screen on June 9th downtown at our end of the year show entitled Art: Sustain It. The event will be held at Space4Art in East Village. We are looking for budding film makers to screen their work. Your films should follow the narrative of your daily journey to arrive at Preuss. Get creative and use your phone to create a 60 second (it can be longer or shorter than this too) film about your travel. See Mr. Smith in room T101 for more details. Come to an informational meeting in T101 on Tuesday April 24th at Lunch. This is a great opportunity to build your resume and exhibit your work in a professional gallery setting. Smith T101 (4/24 Mr. Smith)
**SPAWAR Workshop:** Current 9th, 10th, and 11th grade students: San Diego's Space and Naval Warfare center in Point Loma is offering a free four day engineering workshop this summer.
