Rho Kappa Social Studies Honor Society presents This Day in History

After relentless efforts, many failed designs, and countless hours, brothers Orville and Wilbur Wright successfully develop and fly the first ever aircraft. Although it only remained in flight for 12 seconds and flew only 120 feet, a new age of modern aviation was born. The historic flying machine can now be observed at the National Air and Space Museum in Washington, D.C. (1903) (Greco 12/17)

iOye, Oye!

The Spanish National Honor Society is selling "Love a Llama" and "Who's Your Llama" pins in order to help a South American family in need. Our goal is to buy one llama for one family by December 21st. Pins will be sold in front of Walton Center during middle and high school lunches for a one-dollar donation.

So, why do we buy a llama?

Llamas are prized for their warm wool, which can be made into blankets and clothing and sold at markets to buy things such as medicine and books. Llamas are the only animals that can withstand the harsh conditions of the Andes Mountains and because they are soft-footed animals, they do not ruin the family's crops.

All students, teachers and staff are invited to contribute to the gift that changes lives!
(12/18 Ms. Zamora)

Senior Package will be sold Dec. 17-20th, 2018 during high school lunch. This will be the last sale of the year. If you want to buy other senior merchandise that is not included in the Senior Package you may do so. If you have any questions ask any of your ASB senior representatives. (Romer 12/21)
