Attention All High School Students:

The following summer internship programs have delayed their application process until we know more about when we will return to school. Students who have started the process can go ahead and submit their application but if a teacher's recommendation is needed, students do not need to worry about that at this point.

11th graders: HIP - submit YOUR part of the application

10th graders: Sanford Burnham Prebys - hold on to your application until we know more after Spring Break.

11th/12th graders: HS-STAR - the online application is still available and students can still submit their application and personal statement.

Attention All Students:

A Letter from Dr. Griffith

March 25, 2020

To our Preuss Scholars and Families:

Thank you for your support and the move to Remote Learning as we have aligned with the plans statewide to slow the spread of the COVID-19 virus. I hope you and your family have remained safe and well during this time. I am writing to share the plans for the remainder of the school year. We are thankful that your scholars have engaged in the online lessons and the hard copy lessons that were assigned to them beginning March 16 through March 27. We appreciate your support in making sure that teaching and learning has continued.

Therefore, in light of the heightened COVID-19 cases throughout the county, I am reaching out to share our plans for the remainder of the school year. I am pleased that our plan will allow all students to successfully complete the current academic year, offsite-- or in the event that public health officials approve, we will return to in-classroom instruction. ***We are following the standard set on the main campus of UC San Diego which will implement online instruction throughout the Spring Quarter of this year. As it stands, we plan to employ distance learning and online instruction through June 17, 2020 unless otherwise advised by our San Diego County Public Health Officials.***

Immediately after spring break, on April 6, The Preuss School UC San Diego will continue to offer online instruction at home as well as increase the level of engagement and interaction with all of our highly skilled faculty. Our Faculty will continue to work remotely with our scholars as other colleagues join them in offering the online instruction to their students via Google Classroom. In order to fully implement the online learning, we need to ensure all scholars have access to a computer and a reliable internet connection. ***For this reason, we need all parents to contact Dr. Jacquie Azize-Brewer if your child does not have access to a computer and/or access to the internet at home.*** Please email her immediately and provide your best contact phone number at: preussvolunteer@ucsd.edu. Once you email her, Dr. Azize-Brewer, will contact you and set an appointment for you to pick up a computer from The Preuss School to ensure your child has access to online learning for the remainder of this semester. Please reach out immediately.

We have developed a modified daily A/B schedule, Monday through Friday where your scholars will have access to their teachers during the school day. The schedule has been designed to allow for instructional time with faculty, online tutoring, online group study sessions, and individual learning time. We will still facilitate grading of assignments, feedback from instructors, AP instruction and assessments, tutoring, mentoring, online exams, and possibly online gatherings of school clubs as we

move later in the school year. This proposed schedule will phase in after Spring break (April 6) and will be fully implemented once all of our scholars have received a computer and we have assisted in securing online access. The detailed schedule, once finalized will be published on our website and emailed to parents and scholars on April 6. Until then, please continue with the online assignments posted on our website and those listed in Google Classroom where applicable.

Here is the proposed schedule for the remainder of the year:

Spring Break Begins	Monday	March 30
Spring Break Ends	Friday	April 3
Remote Learning Continues	Monday	April 6
Last day of Remote Learning	Thursday	June 17

Teaching and learning will continue remotely, meaning students will need to access the website or their Google Classroom for the remainder of this semester at www.preuss.ucsd.edu. We will work with all families to ensure you have internet access and a device, therefore please contact us immediately.

We will continue to place assignments and updates on our webpage under the COVID-19 link and will continue to send updates via Parent Square. Please closely monitor your email and text messages so you can remain aware of any changes to our status. You can expect to receive our Remote Instruction Schedule prior to April 6 which will also outline our expectations for distance teaching and learning. Further, counseling support for our scholars will remain available from members of the Wellness Team which includes: School Counselors, Family Specialists, and our School Psychologist. For more information, [please click here](#).

As a reminder, if you or your child has respiratory symptoms and fever of >100 F / >37.8 C (lowered from 100.4 F), you should contact your health care professional. It is important to note: during this time scholars should stay home and not frequent malls, restaurants, or other public places as the school closure is being mandated in an effort to slow and stop the spread of the virus in San Diego County.

PLEASE KEEP YOUR CHILD HOME AS MUCH AS POSSIBLE UNTIL THE COUNTY HEALTH DEPARTMENT HAS LIFTED ALL WARNINGS.

San Diego Unified Food Services will continue to provide free Breakfast and Lunch during the time of school shut down. All locations are posted at www.sandi.net. Our Administrative Team will continue to monitor the situation and provide updates as necessary. If you have questions about these topics, please email your child's teacher or questions@preuss.ucsd.edu.

Please Be Well,

Dr. Helen V. Griffith
