Chelsea's Light Inspirational Quote of the Day:
Do not set aside your happiness. Do not wait to be happy in the future.
The best time to be happy is always now.
-Roy T. Bennett

SAT WORDS: complacency (n.) self-satisfied ignorance of danger

Do not forget: Monday, January 20th there is no school in observance of Martin Luther King Jr. Day

This Day in History:

In his farewell address, President Dwight D. Eisenhower warns against the "military-industrial complex"--the growing size and cost of the American defense establishment that had joined with a large arms industry --that had developed in post-World War II America. Eisenhower was worried about the costs of an arms and technology race with the Soviet Union, and the resources it would take from other areas such as building hospitals and schools. To this day, Eisenhower's words are still echoed by opponents of military expansion (1961) (End Date: 1/17/20 Greco)
