You may have noticed a bunch of white buckets around the amphitheater. Please help by putting all food waste into these buckets. Please remove any wrappers before placing food inside. This food waste is being turned into compost by the Ecology Club students. If you have food that someone else can eat (whole fruit, unopened packaged food that is not perishable/needs to be refrigerated) you can put that into the black bins in the amphitheater. If you need a bucket for the area you usually have lunch in, talk to club members, officers: Angelina Gonzalez, Briseida Aparicio-Najera, Yesenia Preciado, Henry Huynh, Jasmine Mejia) or Mrs. Petraglia---Thank you all for your support!
