Attention Girl Scholars grades 8-12:

Attention Girls, grades 8-12 interested in STEM. The all-girls school Our Lady of Peace (OLP) is hosting a "HackAthon". A Hackathon is a meeting of the minds to challenge current notions, problem solve, create, and collaborate. OLP's Engineering Projects in Community Service club (EPICS), the hosts of the annual Hackathon, focuses on how STEM can solve global issues using science, technology, engineering, and math. This is a friendly competition and the teams will be presenting their solutions to a panel of judges. Teams in first, second, and third place will receive prizes.

Taking inspiration from this past year of pandemic living, the theme for this year's hackathon is Engineering Health in the Modern World. This event will take place at OLP on September 11, 2021 from 8:00am to 4:30pm. Girls in grades 8-12 are invited to attend and "hack" this problem.

Register now for the OLP Annual 2021 Hackathon on September 11, 2021 using this link: https://www.aolp.org/hackathon/

If you have any questions, feel free to contact skanaski@aolp.org or ayeatts@aolp.org. Or see Mrs. Petraglia
