Health Office Announcements

ROUTINE ASYMPTOMATIC COVID TESTING
NO LONGER REQUIRED

Under the guidance of UC San Diego, students who are unvaccinated or not fully vaccinated are no longer required to complete twice weekly asymptomatic testing. If a student who is asymptomatic would like to test because they were exposed, they can sign up for asymptomatic testing using the Calendly sign up link. Students should sign up for testing by 10 am the day they would like to test.

Students who have symptoms, regardless of vaccination status, will be COVID-19 tested before sending home.
The Preuss Health Office will continue to follow the guidance of California Department of Public Health and UC San Diego and make changes as needed.

MASKING UPDATE

Per UC San Diego, the masking mandate for instructional settings and Triton transportation will be suspended and masking will be optional in classrooms, labs and on Triton transportation beginning Dec. 16, 2022. UC San Diego public health experts still recommend wearing a mask in public settings, especially indoors, as masking provides substantial protection from infections caused by SARS-CoV-2, flu and other respiratory viruses.

Masking will remain required in the Preuss Health Office.
We will continue to monitor viral activity during the Winter Quarter. Should public health conditions warrant, UC San Diego may re-enact a masking mandate at a later date.
