Mayor for a Day Contest is Back!

The Mayor is excited to announce the 2022-2023 Mayor for a Day contest, which aims to foster and encourage leadership in young people living in San Diego. Interested K-12 students living in the city of San Diego are invited to write an essay or submit a video about what San Diego would be like if they were Mayor for a day. The selected winner will be given the opportunity to shadow Mayor Gloria for a day to see how the City works up close -- and will play a role in the State of the City address this January. The deadline is December 5th, 2022 at 11:59pm. If you have any questions about the contest, please email Community Representative Emily Piatanesi at Epiatanesi@sandiego.gov.

ECOLOGY CLUB

Students and Faculty/Staff, please remember to put your food scraps into the white composting buckets found in the amphitheater. Food in the trash cans ends up in the landfill where it produces greenhouse gases, which contributes to climate change. Thank you!
Under the guidance of UC San Diego, students who are unvaccinated or not fully vaccinated are no longer required to complete twice weekly asymptomatic testing. If a student who is asymptomatic would like to test because they were exposed, they can sign up for asymptomatic testing using the Calendly sign up link. Students should sign up for testing by 10 am the day they would like to test.

Students who have symptoms, regardless of vaccination status, will be COVID-19 tested before sending home. The Preuss Health Office will continue to follow the guidance of California Department of Public Health and UC San Diego and make changes as needed.

Per UC San Diego, the masking mandate for instructional settings and Triton transportation will be suspended and masking will be optional in classrooms, labs and on Triton transportation beginning Dec. 16, 2022. UC San Diego public health experts still recommend wearing a mask in public settings, especially indoors, as masking provides substantial protection from infections caused by SARS-CoV-2, flu and other respiratory viruses.

Masking will remain required in the Preuss Health Office. We will continue to monitor viral activity during the Winter Quarter. Should public health conditions warrant, UC San Diego may re-enact a masking mandate at a later date.
