Happy Monday, Scholars! Remember the Preuss Way is Kindness, Respect, and Excellence. Have a great day!

SAT WORD:
Forestall: to keep from happening or arising; to make impossible

QUOTE OF THE DAY:
“A pen in a scholar's pocket is greater than a sword in a warrior's hand.”
― Matshona Dhliwayo

- Students that do not come in dress code will now be asked to turn in their phones for the day in exchange for a loaner shirt or bottoms!! Please plan accordingly so as to maintain the school dress code.
- Airpods and headphones must be put away before entering campus.
- EARLY BIRDS- Students who arrive to campus earlier than 8:25, please remain in the amphitheater area away from Arc clubs and classrooms.
Earth Day!

April 22, 2024, is Earth Day!

The first Earth Day was celebrated in 1970 and began the environmental movement fostering a greater understanding of preservation and sustainability of diversity of life forms on the planet. The Preuss Lorax Gardening Club asks that you do something to help maintain our planet and keep it clean. We ask that you participate by recycling all unnecessary plastics. According to Planet vs. Plastics “95% of all plastics in the US won’t be recycled at all”. Our waterways, oceans, lands and all life forms are exhibiting deleterious anthropogenic effects. Plastics are an imminent environmental issue similar to that of climate change, with plastics growing to more than 380 million tons per year. So we ask you to please try and minimize single-use plastics as your pledge to help protect the Earth and its inhabitants.

Look at some staggering stats at Planet Vs. Plastics and what you can do to commit to a more sustainable future, 60x40 for the future! (reduce 60% plastics by 2040)

HOW TO REDUCE/AVOID MICROPLASTICS

According to the Center for International Environmental Law, it’s like eating a credit card a week, two giraffes over a year, and an Eiffel Tower over a lifetime.

Here is a list to lessen intentionally adding microplastics to our diet:

- Drinking boiled tap water could help remove 80% of microplastics
- Drink out of a glass or stainless steel water bottle. Plastic bottled water contains 90% nanoplastics, all seven types of plastics; opening and closing a plastic cap can increase the number of plastics consumed.
- Using wooden chopping boards
- Avoid Teflon and Teflon-coated pans. Alternatives include cast iron, enameled cast iron, Wrought iron, Stainless steel, Carbon steel, Pure ceramic, and clay.
- Use sponges made from luffa aka loofa – you can grow it at home and they’re 100% biodegradable.
- Swap plastic bottled dish soap for glass or silicon bottle
- Choosing plastic-free dishwasher tablets over conventional pods wrapped in plastic. Such as BlueLand’s Dishwasher Tablet.
- Using reusable bags
- Join the Global Plastic Treaty
All students currently in grades 9-11 who are interested in trying out for the 2024-25 Preuss School cheerleading team should attend an informational meeting in Ms. Garcia’s room, E102 on Monday, April 22nd during high school lunch. We will be distributing eligibility packets and giving general information about tryouts. If you cannot attend the meeting, please see Ms. Garcia on or before this date. Go Tritons!

Stopping by Woods on a Snowy Evening

By Robert Frost

Whose woods these are I think I know.  
His house is in the village though;  
He will not see me stopping here  
To watch his woods fill up with snow.

My little horse must think it queer  
To stop without a farmhouse near  
Between the woods and frozen lake  
The darkest evening of the year.

He gives his harness bells a shake  
To ask if there is some mistake.  
The only other sound’s the sweep  
Of easy wind and downy flake.

The woods are lovely, dark and deep,  
But I have promises to keep,  
And miles to go before I sleep,  
And miles to go before I sleep.
