## **Vision Statement:**

**Provides a picture of an organisation's preferred future in order to give its people an enduring, deep and inspiring purpose.**

“To refresh the world...To inspire moments of optimism and happiness...To create value and make a difference.”

“To be Earth’s most customer-centric company, where customers can find and discover anything they might want to buy online, and endeavors to offer its customers the lowest possible prices.”

“Utilize the power of Moore’s Law to bring smart, connected devices to every person on earth.”

“Uber is evolving the way the world moves. By seamlessly connecting riders to drivers through our apps, we make cities more accessible, opening up more possibilities for riders and more business for drivers.”

“To prevent and alleviate human suffering in the face of emergencies by mobilizing the power of volunteers and the generosity of donors.”

“We save people money so they can live better.”

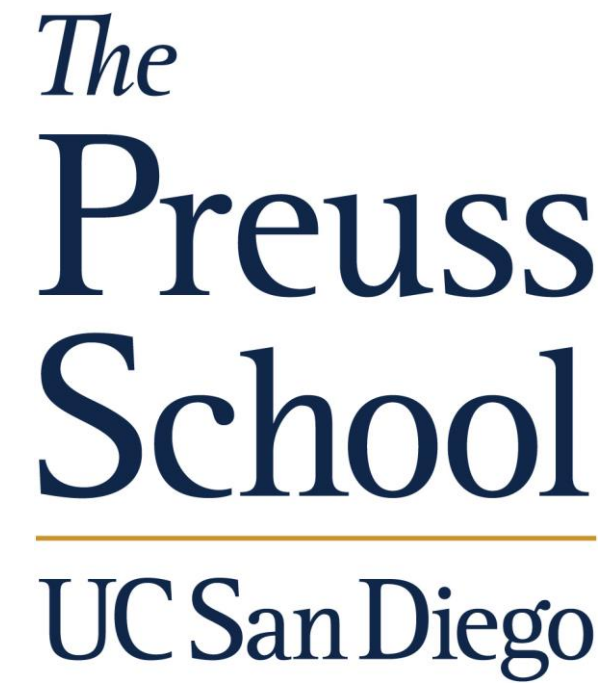

“To attract and attain customers with high-valued products and services and the most satisfying ownership experience in America.”

“Dedication to the highest quality of Customer Service delivered with a sense of warmth, friendliness, individual pride, and Company Spirit.”

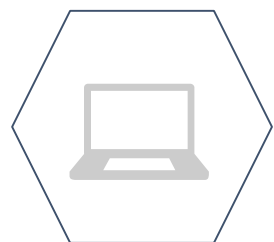

“Improving people’s lives through meaningful innovation.”

“To transform the lives of students who are from low-income families and who are traditionally underrepresented in college, with the goal of qualifying them for university admission as the first generation in their families to attend four-year colleges or universities.”

This is a typical class on zoom

- What do we notice?
- We can see The teacher and myself
- We can see 15 students
  - 3 without their cameras off
  - 12 with cameras on
    - 3 of the cameras are aimed in the air or at nothing

My reason for sharing this, is so that we can see that this interaction requires there to be engaged participants in order for it to work.

Please remind your students to have their cameras on  
Be in an area that they can work in  
And engage with their teachers

Together we make this work

# Sensei Day

Much like our alumni we can relate them to a sensei because they have gained knowledge from being at Preuss to the life they live outside of Preuss. Through having this day we aspire to have our sensei's (alumni) educate us on what might happen once we graduate. This is a time for us students to spark their curiosity and ask questions to our Sensei's so we can learn what to expect after Preuss.

	2:00-3:00 pm	<b>Breakout Rooms</b> Teachers will split students into breakout rooms with 3-4 alumni so students will be able to ask them questions individually.
