The vision of The Preuss School UC San Diego is to transform the lives of students who are from low-income families and who are traditionally underrepresented in college, with the goal of qualifying them for university admission as the first generation in their families to attend four-year colleges or universities.
Hello! & Introduction

I would like to introduce our new Vice Principal, Ms. Nelika Fai Watson!

Ms. Watson come to us from Baltimore. She has a Bachelor of Science degree in English and Secondary Education and a Master’s degree in Leadership in Teaching.
She has taught at all levels and has served as an Assistant Principal and as a Director. Most recently she served as the Director of the Independent Study program at Steele Canyon Charter High School in East San Diego County.

In this short time that I have had with Ms. Watson I have found her to be very student focused, passionate about contributing to our vision, a perfect addition to The Preuss family.
